B. USES AND DISCLOSURES OF HEALTH INFORMATION FOR TREATMENT, PAYMENT AND HEALTH CARE OPERATIONS AT BRIGHTON DENTAL GROUP.

1. Treatment, Payment and Health Care Operations.

The following section describes different ways that we use and disclose health information for treatment, payment and health care operations. For each of those categories, we explain what we mean and give one or more examples. Not every use or disclosure will be noted and there may be incidental disclosures that are a byproduct of the listed uses and disclosures. The ways we use and disclose health information will fall within one of the categories. *Your's to Keep*

a. For Treatment. We may use your health information to provide you with medical or dental treatment or services. We may disclose your health information to staff, staff dentists, nurse practitioners, and other personnel involved in your health care. We may also disclose your health information to students and office assistants who, as a part of their BRIGHTON DENTAL GROUP educational programs (and while supervised by physicians or dentists), are involved in your care. Treatment includes (a) activities performed by hygienists, assistants, office staff, and other types of health care professionals providing care to you or coordinating or managing your care with third parties, (b) consultations with and between BRIGHTON DENTAL GROUP providers and other health care providers, and (c) activities of non-BRIGHTON DENTAL GROUP providers or other providers covering an BRIGHTON DENTAL GROUP practice by telephone or serving as the on-call provider. For example, a dentist treating you for an infection may need to know if you have other health problems that could complicate your treatment. That provider may use your medical history to decide what treatment is best for you. They may also tell another provider about your condition so that he or she can decide the best treatment for you.

b. For Payment. We may use and disclose your health information so that we may bill and collect payment from you, an insurance company, or someone else for health care services you receive from BRIGHTON DENTAL GROUP. We may also tell your health plan about a treatment you are going to receive to obtain prior approval, or to determine whether your plan will pay for the treatment. For example, we may need to give your health plan information about treatment you received at BRIGHTON DENTAL GROUP so your health plan will pay us or reimburse you for the procedures.

c. For Dental Health Care Operations. We may use and disclose your health information in order to run the necessary administrative, educational, quality assurance and business functions at BRIGHTON DENTAL GROUP. For example, we may use your health information to evaluate the performance of our staff in caring for you. We may also use health information about patients to help us decide what additional services we should offer, how we can improve efficiency, or whether certain treatments are effective. Or we may give health information to doctors, nurses, technicians, or health profession students for review, analysis and other teaching and learning purposes.

2. Special Circumstances. Treatment, payment and health care operations at Brighton Dental Group include uses and disclosures in the circumstances listed below.

a. Appointment Reminders. We may use and disclose your information listed to contact you as a reminder that you have an appointment for treatment or services.

b. Treatment Alternatives and Health Related Products and Services. We may use and disclose your health information in order to allow someone to contact you about possible treatment options or alternatives, or health related products or services that may be of interest to you.

3. Uses and Disclosures You Can Limit

a. Family and Friends. Unless you notify us that you object, we may provide your health information to individuals, such as family and friends, who are involved in your care or who help pay for your care. We may do this if you tell us we can do so, or if you know we are sharing your health information with these people and you don't stop us from doing so. There may also be circumstances when we can assume, based on our professional judgment, that you would not object. For example, we may assume you agree to our disclosure of your information to your spouse if your spouse comes with you into the exam room during treatment. Also, if you are not able to approve or object to disclosures, we may make disclosures to a particular individual (such as a family member or friend), that we feel are in your best interest and that relate to that person's involvement in your care. For example, we may tell someone who comes with you to the operatory room that you had a root canal and provide updates on your condition. We may also

make similar professional judgments about your best interests that allow another person to pick up such things as filled prescriptions, medical supplies and X-rays.
